

SIZE GUIDE

FOR JACKETS, PANTS, OVERALLS

The measurements in the size chart are body measurements.

The size is indicated in centimeters.

if you do not have the opportunity to measure the child yourself there is also an age in the size chart that can give an indication of which size to choose.

Size (centimeters)	80	90	100	110	120	130	140	150	160	170
